OFFICE OF LEGISLATIVE COURSEL

Friday - 9 October 1964

1. (Secret - GLC) Delivered to George Murphy, Joint Committee on Atomic Energy staff, an updated copy of the Alert Worksheet. I also delivered to the Committee a copy of the annexes to the Wennerstrom report as translated by JPRS.

(Unclassified - GLC) Mr. Murphy advised me that Mr. Molifield (who, under Committee rules, will be Chairman of the Joint Committee next year) has written a letter to the President on the subject of the multilateral force. His letter, which Murphy showed to me, urges that the President make no commitments with respect to the MLF this year. (See Merno for the Record for details.)

2. (Unclassified - GLC) Delivered to Ben Mandel, Senate laternal Security Subcommittee staff, a copy of certain annexes to the Memoratrom report as translated by JPRS. Mr. Mandel indicated that the Subcommittee is having difficulty with this transcript in preparing it for publication. There are a number of emissions in the text which presumably were made by the Swedish government for security or other reasons. Mandel would like to be able to check the Subcommittee's copy with any copy the Agency might have and which it considers to be complete.
